In 1933 it started with a great shirt.

OUT MEMO #2965
July 4, 2025

Out of Line Please remove the OUT FABRIC swatch cards from your line.

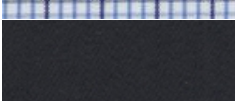

BOOK OR SWATCH

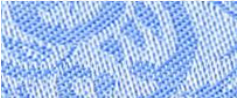

We are clearing out the TEMP OUT list, the queue on this program of backorders has grown to become an unmanageable state. When we re-engage with the mills for these items, we will then assess which numbers become active again, |
by way of re-activating them, or creating new product codes.

All fabrics from the Erba Gold Book and swatches listed below are out. If you have backorders, please advise if you will sub.

We hate to have come to this decision, but it is the cleanest path for the time being.
Thank you for your understanding, do stay tuned, as we turn the corner into Fall...
